PROFESSIONAL SUMMARY

UI/UX Designer and Front-End Developer with a strong foundation in mobile app design and responsive web development. Experienced in creating user-centered interfaces, wireframes, prototypes, and responsive applications. Currently developing skills in Flutter and Dart to build cross-platform mobile applications, combining strong UI/UX knowledge with front-end development.

EXPERIENCE

Product Designer Intern

The Lycoris Labs | Dubai, UAE | June 2026 – September

- Designed Groove, a digital detox mobile app focused on healthier digital habits.
- Conducted user research and translated insights into user flows and product experiences.
- Created wireframes, UI screens, and interactive prototypes using Figma.
- Worked on end-to-end product design, from research and ideation to final interface design.

EDUCATION

Bachelor of Business Administration (BBA)

University of Calicut, Kerala, India | 2022 - 2025

Digital Marketing

CDA Academy, Kerala, India | April 2025 - October 2025

UI/UX Design Program

Skilz the Learning Hub, Kottakkal, Kerala, India | January 2026 - June 2026

CASE STUDY PROJECTS

Groove — Digital Wellness Mobile App

Role: Product Design / UI/UX | Tool: Figma

Designed a calm, user-centered mobile experience that supports healthier screen-time habits. Worked on onboarding and core app flows, a personalized Groove Age concept, wellness pillars, daily missions, and visual UI explorations using soft gradients and glass-inspired components.

KEPT — Digital Travel Document Organizer *Role: UI/UX Design | Tool: Figma*

Designed a mobile app concept for keeping important travel information organized in one place. Explored a digital Indian passport-copy experience, travel document organization, and clean, accessible interface components for quick access to essential details.

EduBridge — Student Management Mobile App *Tool: Figma Duration : 1 month*

Designed a parent-focused app concept to view student attendance, fee information, school updates, notifications, and academic progress. Created user flows, wireframes, high-fidelity screens, reusable components, and prototypes.

Grocery Shopping App *Tool: Figma Duration : 25 Days*

Designed a responsive grocery shopping application featuring product browsing, cart management, checkout flow, and intuitive navigation focused on improving the shopping experience.

Portfolio Website *Technologies: HTML, CSS, JavaScript, Bootstrap Duration : 10 -12 Days*

Designed a responsive grocery shopping application featuring product browsing, cart management, checkout flow, and intuitive navigation focused on improving the shopping experience.
